

THREE "BOYS" OF '61 WHO NOW BOAST OF HEALTH LIKE THEY HAD IN WAR DAYS, THANKS TO TANLAC

Years Exposure and Life's
Hardship Cause Cain,
Houston and Robins
No Worries.

CREDIT GIVEN TONIC

"Tanlac Brought Us the Good
Health We Now Enjoy,"
They Say.

Back in the days of '61, when D. M. Cain, M. Houston and Ike Robins joined the ranks of the Union army at the call of President Lincoln, none of the three men gave a thought to health. They had youth, and youth and poor health are strangers.

Cain, Houston and Robins have now passed the seventieth milestone of life. They met poor health years ago and retired to the National Military Home at Leavenworth, Kansas, to live the remainder of their lives in suffering, as they thought.

Six weeks ago, Cain, Houston and Robins were still in poor health. They had given up hope of ever being better.

Today, these three veterans boast of as good health as they enjoyed back in the sixties. Ask them what caused the change and they will tell you, "Tanlac."

"Yes, it's true," Cain, who is 75 years old, said at the Military Home, when asked about his case. "It's true that I have suffered years from stomach and kidney troubles and rheumatism and tried every medicine I heard of. I got no relief. And, it's true, also," he continued, "that this new medicine, Tanlac, went straight to the seat of my trouble and gave me complete relief."

Meals Were Costly.

"For years I had to use the utmost care in choosing my food. There were very few things I could eat, I can tell you, without such severe pains that I could hardly stand them. I always suffered pains in my stomach after eating. The pains would be less severe, though, when I ate certain foods and I tried to stick to those foods all the time, but the pains came, just the same.

"My kidneys caused a continual ache and pain in my back. Why, I suffered with my back all the time and it made me feel just miserable. I

Left to Right: D. M. Cain, M. Houston and Ike Robins, Three Veterans of the Civil War Who Have Enlisted in the Army of Tanlac Boosters.

had headaches, often, too. The rheumatism was in my back. Pains came between my shoulders often and were very severe. I never knew a well day. I was in misery all the time.

"Well, I'd tried about everything else and so, when I saw Tanlac advertised, I thought I might as well try it, too. I didn't expect much relief, though. I'd tried too many medicines without being benefitted to expect much. That's why I was so surprised. I guess, when Tanlac helped me so much. For it surely has benefitted me greatly, and in every respect, too. To tell the truth and tell it briefly, I feel better all over since taking Tanlac.

Pains Have Disappeared.

"The pains in my back that formerly caused such intense misery, have disappeared entirely. The rheumatic pains also have vanished. My appetite has greatly improved and I can eat anything I care for without any pains in my stomach or any other form of distress afterward.

"I want to recommend Tanlac to others who are bothered as I was."

Robins, too, was bothered with rheumatism. He said that six weeks ago he was in a serious condition but

that now he feels strong and well. He is 70 years old.

"Like Cain, I had rheumatism," Robins said. "It settled in my chest and in the calves of my limbs. The severe pains I suffered just made me feel badly all over. My appetite was very poor, too, and, to tell the truth, I was run down and out of shape in every way.

Feels Better All Over.

"Well, I heard so much about Tanlac from the other fellows here at the Home that I decided to try it. I expect I was just as surprised when Tanlac benefitted me as Cain says he was. I know I was greatly surprised. Why, it was just a short time after I started taking Tanlac that the pains in my chest and limbs began to disappear. I've taken four bottles of Tanlac now and I never experience pains like I used to suffer. I've been benefitted in other ways, too. My appetite is improved and I feel better all over.

"Yes, I cheerfully recommend Tanlac for it has benefitted me greatly."

Houston, like Cain and Robins, is a Tanlac booster. He says Tanlac went straight to the seat of his trouble and brought him relief similar to that described by his two comrades.

TANLAC The Master Medicine

IS NOW BEING INTRODUCED IN OTTAWA BY A SPECIALLY TRAINED EXPERT AT

W. D. DUNCAN'S DRUG STORE

Tanlac also is being introduced by experts in La Salle at Clancy's Drug Store and in Streator at the Galt Drug Co., and is sold in cities and towns of this vicinity by the following exclusive agents:

Amboy, C. Achenbrimer.
Dixon, Campbell & Son.
Morris, Foxford Baker Drug Co.

Perry, Modler's Pharmacy.
Spring Valley, Thompson's Pharmacy.

Pontiac, Ralph H. Bradford.
Wagona, W. H. Downey.
Princeton, Gertz & Fawcett.

MAY EAT OAT BREAD.

Swedes Ask Permission to Sell It.
Hunger Marches Continue.

Stockholm.—The Bakers' Association of Sweden presented a memorial to the state economic commission setting forth the difficulties of obtaining sufficient rye and wheat flour and asking the authorities to permit and to order them to use a certain proportion of oat or barley flour in bread. The bakers assert that the situation indicates with certainty that such a measure must be eventually resorted to and point out the advisability of doing it now instead of delaying until the time when the proportions of barley and oats must necessarily be greater than would be the case now.

A body of female factory workers estimated at 5,000 marched recently in an orderly manner through southern and western Stockholm to the office of the largest local milk company, where they demanded a better distribution of milk and lower prices.

Hunger demonstrations continue at various places in the kingdom.

METEOR LIKE SEARCHLIGHT.

Crashes Into Mountains and Illuminates Whole Valley.

Bishop, Cal.—Illuminating the upper Owens valley for half a minute like a searchlight in the skies, a meteor of extraordinary size and brilliancy flared across from east to west one night and brought up against the high Sierra Nevada.

There was a crash that could be heard for miles when the foreign body hit the mountain side far above the floor of the valley. It sounded like the impact of a projectile from a great gun against a fort.

Residents were startled by the passage of the mighty streak of blue-white fire through the darkness and again by the loud explosion that followed contact with the granite range which stopped it. Then followed a tumbling of dislodged stones not far from the camp of the Round Valley Tungsten company.

MORGAN ON PATROL DUTY.

Financier's Son Assigned to Ship.
Young Iselin Also Enrolls.

New York.—Julius Spencer Morgan, son of J. P. Morgan, who recently received an ensign's commission in the naval coast defense reserve, was called into active service and assigned to duty on a coast patrol boat.

Ensign Morgan has always been interested in boats and sailing. Last summer he shipped as an ordinary seaman on the U. S. S. Maine for the civilian training cruise.

Adrian Iselin 2d, son of C. Oliver Iselin, who has sailed many cup defenders to victory, enrolled in the naval reserve as chief boatswain's mate.

Paul Nevin, son of the late Ethelbert Nevin, called at the naval reserve office to enroll. Mr. Nevin came from Tulsa, Okla. As a member of the civilian crew of the Maine last summer he made a record in gunnery.

DOG ADOPTS COYOTES.

Takes Four Into Her Charge on a Ranch.

Santa Ana, Cal.—Four coyote pups have been adopted by a mother dog on the ranch of Arthur Peley, north of Santa Ana.

The coyotes were found in the foothills back of El Modena by Virgil Pritchard, a high school boy, whose dogs fought off the mother coyote while Virgil got away with the little coyotes. Clarence Peley had a dog with two puppies.

The four strangers were put on the ground near the mother and the puppies, who were busily engaged in par-taking of a meal. Rather bewildered, the coyotes crept to the mother dog. The dog eyed the coyotes, then when they approached she began licking them, and soon the coyotes were just as busily engaged in eating as were their cousins.

CHARLES P. TAFT 2D ENLISTS.

With Nine Yale Students Enters Artillery Service.

New Haven, Conn.—Charles P. Taft 2d, son of William Howard Taft and a junior in Yale college, enlisted for the artillery branch of the regular army with nine other undergraduates. All the enlistments were of students who were under age for the reserve officers' training corps of the university and all had consent of their parents. The squad will go to Fort Myer, Va.

The students who were enlisted with Taft were John M. Anderson, Jr., Cincinnati; Robert T. Cairns, Overbrook, Pa.; George H. Eavis, Jr., Derby, Conn.; John E. Fusick, Altoona, Pa.; Francis T. McNamara, Clinton, Mass.; Cyril B. Mosher, East Greenwich, R. I.; Albert H. Stackpole, Harrisburg, Pa.; H. S. Porter, Higganum, Conn.; Carl M. Thomas, St. Louis.

DROWNS BATHING TOY.

Child Falls From Claremont Boat Club's Boat.

New York.—In an effort to give her Teddy bear its first deep water bath Virginia Peterson, three and one-half years old, toppled from a float anchored off the Claremont Boat club, One Hundred and Eighth street and the North river, and was drowned.

The child was a prime favorite with yachtsmen along the North river and with her mother lived at the boat club, where the latter is employed as maid. Robert Harris of 201 West Twenty-sixth street recovered the body, but resuscitation was impossible even with a bulbomotor.

His Preference.

Magistrate—You say this man stole your coat. Do I understand that you prefer the charge against him?
Pat—Well, no, your worship. I prefer the coat, if it's all the same to you.—London Telegraph.

NO YELLOW PERIL

Terauchi Says War Binds America and Japan.

RELATIONS NOT ENDANGERED.

Baron Goto Says He Hopes Nations Will Find Principles on Which to Base Abiding Relations of Mutual Trust and Confidence—Greetings Cabled to President Wilson.

Tokyo, Japan.—"By the participation of the United States in the war our ties are strengthened," declared Premier Terauchi at the first dinner of the recently formed American-Japanese society.

He had just asserted that never in the history of their intercourse have the two countries come to such a pass as to endanger cordial relationship, and he went on to say: "We are on the eve of joining our resources in chastising a common and obdurate foe in the cause of world peace. The friendly relations of the two countries should

Photo by American Press Association.
PREMIER TERAUCHI.

be cemented more strongly than ever by the combined efforts of both governments and peoples."

Among the 300 members present were many of the most prominent men in Japanese public life. Viscount Kaneko, ex-minister of justice, presided and the principal speech was made by Baron Goto, ex-minister of communications.

Baron Goto said: "There are few questions of such vital moment to the welfare of mankind as the relations of Japan and the United States. The era of the Pacific promises to surpass that of the Mediterranean or the Atlantic. All the forces of the east and west will meet. Will they unite or clash? I believe it lies in the power of the United States and Japan to answer that question, on which the future happiness and progress of the world will depend. For this reason the relations between Japan and the United States are of supreme importance. With the awful responsibility that they owe to mankind, will Japan and the United States work hand in hand or will they turn their backs on each other? I hope the two nations will find principles of mutual trust and confidence."

Other speakers were Prince Tokugawa, president of the house of peers; Count Okuma, ex-premier; Baron Shibata, chairman of the Tokyo Bankers' association; Post Wheeler, who is United States charge d'affaires at Tokyo; George H. Seidmore, United States consul general at Yokohama.

After the dinner greetings were cabled to President Wilson.

HYMN GIVES WARNING.

Music Box Tells Autoist When They Reach High Speed.

Taylor, S. C.—Green D. Poole, a clerk in the Southern railway depot, claims to have invented a device which is intended to prevent accidents to automobiles. The working of the attachment is simple and is explained by Poole as follows:

"While the car is running fifteen miles an hour a white bulb shows on the radiator, at twenty-five miles a green bulb appears, at forty a red bulb, and when the driver begins to bat 'em out around sixty per a music box under the seat begins to play 'Nearer My God to Thee.'"

ALMOST EVERYBODY IS DOING SAME THING

San Francisco.—Jesse Lillien, 41, president of the United railway ways of San Francisco, declared that he might be called the man who put the "con" in economy. He stated that five years ago he figured he had enough money saved to keep the wolf at bay and decided not to save another cent as long as he lives. His family hailed this plan, and Lillien asserted they have performed their part not to let him be disappointed by finding any surplus on the first day of January each year.

The Lost.

When a fellow has discovered that all his loose change has filtered through a hole in his trousers pocket it is nearly impossible to get him to accept the scientific proposition that nothing is ever lost.

"WE'RE AS NEAR AS THE NEAREST TELEPHONE"

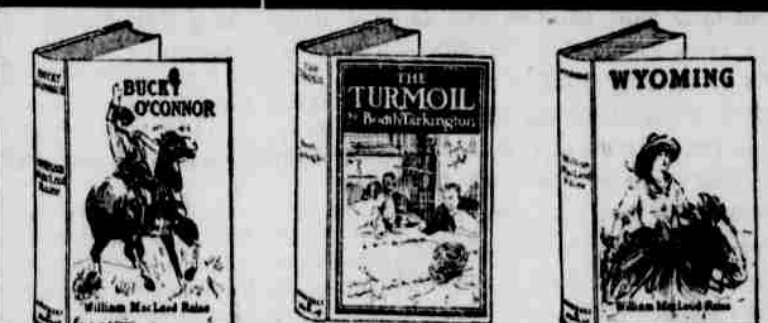

MADE BY US, it is correct and artistically—lilies of the valley alone, or combined with roses, etc., daisies, perhaps, or sweet peas, presenting the effect of a shower of flowers.

We will gladly help you make a selection of the most appropriate flowers to be used in your bridal bouquet, which will be made to order at the most moderate prices possible.

Phone us today for complete information regarding the furnishing of wedding flowers.

BEST POSSIBLE QUALITY—ALWAYS POPULAR PRICES.

NEW FORM OF "CON" GAME.

Two Inches of Butter Spread on Sand Sold to Chicago Consumers.

Chicago, Ill.—A new form of confidence game has been practised with success here during the last few days. Several storekeepers and hospitals have reported to the police that they have purchased from agents tins purporting to contain sixty pounds of butter, but have found when cutting into the tins that the butter extended but one or two inches from the surface and that the rest of their purchase was sand.

The tins were sold for as high as \$19.50, making the price of the butter in the neighborhood of \$4 a pound.

Revising an Old Saying.

The old saying that where there's a will there's a way still holds good, with certain restrictions, but the modern way of doing things demands both will and skill. The individual who possesses both these virtues will find the road to success comparatively thornless.—Bakers' Weekly.

Doing Your Duty.

Those who do it always would as soon think of being convicted of eating their dinner as of doing their duty. What honest boy would pride himself on not picking a pocket? A thief who was trying to reform would.—George Macdonald.

Contradictory.

"What did Blank say about me?"
"That you owed him \$10."
"Why, the lying scoundrel! Well, he can just whistle for his money now. I won't pay him one cent till I get good ready.—Boston Transcript.
